

**See a doctor anywhere
you happen to be**

Your access to Teladoc® includes the option for video consults. You can have a face-to-face conversation with a Teladoc doctor, just like in a regular doctor visit, but from wherever you happen to be. A Teladoc doctor is only a click away!

WHY CHOOSE VIDEO?

Video consults combine the personal comfort of seeing a doctor with the convenience of 24/7/365 online access. All you need is a computer, internet connection, webcam and a phone. And best of all, it is the same low cost as phone consults.
